

Conference Organizer

# Plan To Attend:

## 10th International Conference on Concrete Pavements

Photo: Yves Tessier, Tessima

### Québec City, Québec, Canada July 8-12, 2012

*Designated as a UNESCO World Heritage City, Québec is the only fortified city in North America. Québec is alive with Joie de vivre and romantic appeal that confer a truly European flavour to this French-speaking metropolitan area.*

#### Program:

- The Conference program will include paper sessions, poster sessions, workshops, technical tours, exhibitor displays and student competitions.
- Topics: best practices for design, construction and maintenance, jointing issues, sustainability and life-cycle assessment, airport topics, and much more.

#### Details:

- The official language of the conference is English.
- A Spouse/Guest Program will be provided.
- Call for Papers and Registration Information will be distributed in late 2010.

#### Accommodations:

##### Fairmont Le Château Frontenac

- Delegates will stay in the castle-like hotel, which is one of the most photographed hotels in the world and overlooks the majestic St. Lawrence River from inside the 400-year-old walled City of Québec.

**Conference Host: Ministry of Transportation – Québec**
