

INVITATION

EUPAVE's 5th workshop on Best Practices in Concrete Paving "Concrete Pavement Preservation"

Wednesday, 18 March 2020 from 13:00 till 18:30
Hôtel Le Châtelain, Rue du Châtelain 17, 1040 Brussels

Various topics will be discussed over the day starting with Concrete Pavement Preservation Strategies and Road Condition Assessment, continuing with different Repair Techniques for concrete slabs and CRCP. Finally some innovative developments in concrete preservation will be presented: the use of self-healing concrete and multi-crystalline technologies.

This workshop is intended for experts coming from Road Agencies, Engineering Bureaus, Contractors... who have an interest in *the management and preservation of concrete pavements*. Participants will have the opportunity to exchange and discuss the specific aspects, challenges and difficulties experienced in that field.

REGISTRATION

The event is free for EUPAVE Members and Partners. For external participants, the registration will be confirmed upon receipt of the EUR 150 (excl. VAT). An invoice will be sent to you shortly after registration.

Register by sending an e-mail to Elise Carabédian, e.carabedian@eupave.eu by Wednesday 11 March 2020. For non-members and non-partner, please include the name, address and VAT number of your organisation in your e-mail.

For those who decide to become a Partner of EUPAVE after the workshop, the participation fee will be deducted from the yearly partnership due of 1 000 EUR. For more information, please contact Ms. Elise Carabedian, e.carabedian@eupave.eu.

PROGRAMME

- Moderation by Mr. Luc Rens, Managing Director, EUPAVE

- 13:00 – 13:30** **Registration and welcome coffee**
- 13:30 – 13:40** Words of welcome and introduction to the workshop
By Rory Keogh, GOMACO and Vice-President of EUPAVE, Chairman of the Technical and Promotion Committee
- 13:40 – 14:00** Concrete Pavement Preservation: definition, concepts and strategies
By Luc Rens, Managing Director, EUPAVE
- 14:00 – 14:30** Road Auscultation and Condition Assessment
By Anne Beeldens, Owner and Consulting Engineer, AB-ROADS
- 14:30 – 15:15** Maintenance and repair techniques for concrete slabs
By Tim Alte-Teigeler, Head of R&D, Otto Alte-Teigeler GmbH
- 15:15 – 15:45** **Coffee break**
- 15:45 – 16:15** Self-healing concrete by means of superabsorbent polymers
By Didier Snoeck, researcher, Magnel-Vandepitte Laboratory for Structural Engineering and Building Materials - Ghent University
- 16:15 – 16:45** Repair of CRCP
By Elia Boonen, Researcher, Belgian Road Research Centre
- 16:45 – 17:15** Pavement Preservation and Sustainability Benefits of Using Dual and Multi-Crystalline Technologies
By Radi Al-Rashed, President and CEO of International Chem-Crete Co. and Michael Ayers, President, Global Pavement Consultants, Inc.
- 17:15 – 17:25** **Q&A**
- 17:25 – 17:30** Conclusions
By Luc Rens, Managing Director, EUPAVE
- 17:30 – 18:30** Cocktail
- 18:30** **Closing of the workshop**
-
